(BULLETIN)

MOSCOW, June 24.—Refuting  
claims of "blitz" victories made  
by the German high command,  
Moscow newspapers today lauded  
the Red air force for success-  
ful attacks on vital Nazi bases  
and reaffirmed this country's  
decision to fight until Hitlerism  
is vanquished.

MOSCOW, June 24.—One  
of the mightiest battles in  
all history, waged along  
Soviet Russia's western front-  
ier today while the Red  
army high command admitted  
the loss of Brest-Litovsk  
but claimed marked suc-  
cesses in other sectors.

The second Russian mili-  
tary communique of the new  
conflict announced that no  
less than 300 German tanks  
had been destroyed in the  
Shaulai area and that 5,000  
German officers and men  
had been captured.

Fifty-one additional German  
planes were said to have been  
shot down, bringing the total  
number of German planes destroyed to 127.

ported that Rumanian troops had  
been captured.)

### PA NEW OBSERVES

There are a lot of beauty spots  
around the city at the present time,  
result of the profusion of roses in  
bloom. Pa News notes a fence along  
Boyles field, in the rear of the  
Highland U. P. church, that is clug-  
ging full with thousands of blooms.

Another type of bus has been  
given a tryout on the Highland  
avenue car line route in the past few  
days, in preparation for the event-  
ual transfer from street cars to  
buses on the line.

According to announcement of the  
State Department of Forests and  
Waters, the blooms of native rhod-  
odendron in Pennsylvania will  
achieve their greatest beauty during  
the early part of July. Many of the  
mountain areas of the state have a  
profusion of these blooms.

One New Castle motorist told Pa  
News this morning that the high-  
way department should immediately  
give attention to a dangerous hole  
which has developed in the pave-  
ment of the Volant-to-Lesburg  
road. His car struck the hole, and  
according to him, came close to  
overturning.

Pennsylvania Motor Police, per-

### Invasion Of Russia Seen By Some Senators As Move To Rule World

WASHINGTON, June 24.—  
Senatorial advocates of  
"all out" British aid said  
today that Hitler's invasion  
of Russia should convince  
the nation that he seeks to  
conquer the world.

Bitter foes of intervention,  
however, insisted that the  
"flip-flop" in European al-

liances makes it more im-  
portant than ever for Amer-  
ica to keep out of Europe's  
quarrels.

"It appears that Stalin wanted to  
see Hitler weaken himself fighting  
England for his own selfish reasons  
and that Hitler changed his mind,"  
said Sen. Norris (D. Neb.).

Of 21 Years Of Age In  
County, Next Tuesday

LIST DISTRICTS  
BOARDS HERE COVER

Members of the Local Boards of  
Lawrence County, under the Selec-  
tive Service Act, have completed  
their arrangements to register all  
young men who have become 21  
years of age since last October for  
military training, on Tuesday, July  
1, a spokesman of one of the local  
boards stated today.

Supplies to take care of the regis-  
tration have been received from  
state headquarters, together with  
all instruction necessary to conduct  
the registration.

So that the youths of the county  
who are subject to the provisions of  
the act, will know where they must  
go, a list of the different districts  
under each board has been com-  
piled.

Registration Districts  
These are as follows:

### British Report New Advances Made In Syria

(International News Service)

LONDON, June 24.—Military au-  
thorities in London declared today  
that British troops are now astride  
the Beirut-Damascus road in Syria.  
They declared it "possible" that  
the Vichy headquarters in Syria al-  
ready have been captured.

Free French forces were said to  
have advanced three miles north of  
Damascus, the Syrian capital, which  
fell to the allies last week.

Resisting Attacks

Vichy, June 24.—French (Vichy)  
forces in Syria, entrenched at Meri  
Ayoun, were declared by a French  
military spokesman today to be re-  
sisting all British and "free French"  
attacks.

There were reports that the  
French had reoccupied the town of  
Jezzine, but these were not con-  
firmed.

Allied forces still hold Damascus,  
the spokesman conceded, adding  
that the situation on other fronts  
remains unchanged.

Widespread aerial activity was re-  
ported and the spokesman said one  
more British plane had been shot  
down in addition to five British  
Hurricanes which previously were  
reported destroyed.

### Father And Son In Gun Battle Two Are Killed

Son And Wife Dead; Father In  
Hospital With Serious  
Wounds

(International News Service)  
GREENSBURG, Pa., June 24.—  
Five children were orphaned today  
as the result of a blazing gun  
duel between a father and his son  
which ended in death to the son and  
his wife and serious wounds to the  
father.

The dead were Russell Chadwick,  
38, and his wife, Romaine, 32, both  
of Greensburg. Chadwick's father,  
George W. Chadwick, 60, was re-  
ported in "fair" condition at the  
Greensburg hospital.

Police said the son came home  
rather late at night and started to  
quarrel with his wife. The father  
said he fired at his son in an  
effort to save the life of the wife.

After five shots had been fired,  
authorities said, Russell Chadwick  
stumbled out of the house and onto  
a small tent in which his eldest  
son, Russell, Jr., 14, was sleeping  
with a neighbor boy.

The other children orphaned by  
the gun duel are Geraldine, 12;  
Nancy, 10; Shirley, 5, and Rich-  
ard, 2.

### City Employees' Strike Is Ended

Agree To Return To Work  
Wednesday Morning  
After Conference  
Today

DAVIES REPORTS  
MEN TO RETURN

City employees in the sewer, street  
and garbage collection departments,  
who went on strike at noon, Monday  
for higher wages, agreed after a  
conference with council this morn-  
ing to return to work. They expected  
to be back at work this afternoon,  
but due to inability to notify all  
of the men in time, will return to work  
on Wednesday morning, according to  
D. O. Davies, city councilman and  
head of the public safety depart-  
ment.

The men are returning to work  
following a promise by city council  
at the conference this morning, that  
the city officials will give serious  
consideration to the request for wage  
increases. If one is given, it is in-  
dicated by Mr. Davies that all city  
employees will share in it.

Monday, in council, Vice Presi-  
dent Cecil Basley who spoke for the  
City Employees organization which is  
not affiliated with any union or  
organization asked for a raise as fol-  
lows:

From 50 cents an hour to 70 cents  
an hour for unskilled labor.

From 35 cents an hour to 75 cents  
an hour for skilled labor.

During his plea to council Basley  
said the request resulted because of  
the increased cost of living.

Following the meeting the men  
placed their trucks in city yards,  
went to their West Syracuse Way  
headquarters and voted to strike.

Superintendents of the depart-  
ments on strike notified their indi-  
vidual superiors. However, at three  
p. m. representatives of the CEO of  
City Employees organization formally  
notified the city of the strike.

### State Secretary Of Health Is Dead

Dr. John J. Shaw Found Dead  
In Room At Harris-  
burg Today

(BULLETIN)

HARRISBURG, June 24.—Dr.  
John J. Shaw, state secretary of  
health, was found dead today in  
bed in his room in a Harrisburg  
hotel. He was 54.

Cause of Dr. Shaw's death was  
not known officially but attaches  
in his office at the capitol heard  
that he had died from natural  
causes. Hotel employees forced the  
door of his room shortly before noon  
when he failed to respond to tele-  
phone calls.

His pajama-clad body lay on the  
bed. He was apparently stricken  
during his sleep.

A native of Providence, R. I., Dr.  
Shaw lived in the Warwick hotel,  
Philadelphia, and in Cynwyd. He  
belonged to the Philadelphia Coun-  
ty Medical Society, Medical So-  
ciety of the State of Pennsylvania,  
American Public Health Associa-  
tion and the Pennsylvania Public  
Health Association.

Long a practicing physician in  
Philadelphia, Dr. Shaw was married  
to the former Beatrice Vane. They  
have two children.

### Downs Escapes Death As Party Is Ambushed; Held Prisoner For Time

(BULLETIN)

ANKARA, June 24.—Safe after  
experiencing a bloody ambush in  
Syria and a detention of several  
days as a prisoner of war, Kenneth  
Downs, ace foreign correspondent  
of International News Service, ar-  
rived in Ankara today.

Downs and the British and free  
French party with which he was  
traveling were ambushed near De-  
mascus. Nine of the 15 members  
were killed, two wounded and three  
captured.

Downs and two others were taken  
prisoner by French forces in Syria  
and transported under guard to  
Beirut.

With "Combat Troops"

French authorities justified the  
arrests on the grounds that Downs  
was traveling with "combat troops."  
Original plans were to treat them  
as ordinary prisoners, but these  
were changed as the result of re-  
presentations by United States offi-  
cials.

Downs and his companions were  
permitted to stay with United States  
Consul Gwynn at Beirut, on condi-  
tion they did not leave his house  
until arrangements could be made  
for their passage to Ankara.

A native of Montana, Downs en-  
tered the newspaper profession at  
an early age and in 1925 joined the  
staff of International News Service.  
Early in 1937, he was sent to Europe  
as manager of the I. N. S. Paris  
bureau, holding that post until the  
fall of France. He had covered the

BERLIN, June 24.—  
Reichsfuehrer Adolf Hitler  
today took over personal  
command of the German  
"blitz" campaign against  
Soviet Russia.

The Fuehrer established  
headquarters at some un-  
specified point on the eastern  
front and immediately issued  
a communique declaring the  
German offensive along the  
entire 2,000 mile front was  
unrolling "with great suc-  
cess."

As another step in the growing  
"moral front" against Russia, the  
Wehrmacht announced receipt  
of word from President Josef Tiso  
of the Slovakian republic that at  
noon Slovakian troops had crossed  
the Soviet border to join up with  
German troops fighting the Soviets.

At the same time, the high com-  
mand in Berlin announced that  
German anti-aircraft batteries beat  
back a Soviet air raid on East Prus-  
sia while Luftwaffe planes ham-  
mered an unidentified airport and  
shot down 12 red air force fighting  
planes.

Forgotten now are the creaks and

it is quite a scene. Those days of

# New Effort To Settle Truckers Strike

## Violence Marks Pittsburgh Strike

Federal Conciliators To Renew Attempt To End Tie-up In Today's Conference

### MAYOR CALLED PARLEY LAST NIGHT

(International News Service) PITTSBURGH, June 24.—Another attempt to settle the violent Pittsburgh truckers' strike against the Western Pennsylvania Labor Relations Association, a combine of 178 truckers, was to be made today following a walkout by federal conciliators last night.

At a meeting called by Mayor Cornelius Scully, the fire of the federal mediators was reportedly aroused when the mayor's aides and the disputants held a side-bar conference which lasted more than an hour and from which the mediators were excluded.

No official statement was made after the meeting other than an announcement that a fresh attempt to bring the striking workers and employers together would be made again this morning.

Over the week-end and yesterday the strike, now going into its fourth week, was marked by the throwing of fire-bombs into garages and the stoning of trucks. Federal food inspectors announced that they would refuse to make any inspections of perishable foods until the strike is over because of the possibility of injury to the inspectors.

The Pittsburgh Chamber of Commerce today issued a call for a mass meeting of representatives of the public, the operators and the union to be held tomorrow afternoon "to bring to the community a full realization of the seriousness of the situation."

Invited to the meeting were President Roosevelt, Gov. Arthur H. James, Mayor Scully, members of the city council, county commissioners, the state and federal labor conciliators and others interested. Frank L. Duggan, president of the group, said:

"This meeting will focus attention on a situation which has become intolerable," Duggan explained. "We feel that only by this method can all the agencies involved be forced to give consideration to the chief sufferer—the public."

The weakness in organized effort to influence Washington is that everybody knows it is organized, which means artificial.

**Gained Fame**

Downes later went to London where he was in action during the initial German air "blitz" on the British capital. After a brief vacation in the United States, he returned to Europe and early this year gained fame as the first American correspondent to make his way from unoccupied to occupied France, turning up with an exclusive series on the current military political and social status under both regimes.

Returning to England, he set out for the near east in a British convoy.

Three days out of Glasgow, the ship on which he was traveling mysteriously caught fire. He and a number of others were rescued by the former American destroyer H. M. S. Lincoln, but between 20 and 40 lives were lost. A few days ago, Downes was cited by the British admiralty for his courage and enterprise in operating a bridge telegraph aboard one of the British vessels, thus aiding in the rescue.

Downes lost all his equipment in this adventure. He was re-outfitted in London and set out for north Africa, reaching Cairo early this month.

When the British-led French invasion of Syria from Palestine and Iraq began, he accompanied the allied forces and had reached the outskirts of Damascus when his assignment was cut short by the ambush.

## Deaths of the Day

**John F. Parker.**

Coming as a shock to his many friends in his community was the sudden death of John F. Parker, aged 59, of Mercer, R. D. 6, who passed away this morning at 8:45 o'clock at his residence as the result of a heart attack.

Mr. Parker, born August 22, 1881, son of Thomas and Susan Edmonds Parker, had resided in the vicinity of Mercer for ten years and was operating a filling station on the Perry highway.

For 41 years, he had been married to Mary Elizabeth Guntrum Parker who survives him. He was a member of St. Andrew's Episcopal church in this city and was a 32nd degree Mason in lodge number 642. He was a member, also, of the Fraternal Order of Eagles in New Castle and was formerly a member of the police force here. A member of the American Legion, Mr. Parker was a World War veteran.

In addition to his wife, he leaves two sons, Clarence F. Parker of Hood River, Ore., J. D. Parker of Mercer; one brother, William Parker of Columbus, O., and three sisters, Mrs. Frances Astor of Cleveland, Mrs. Mary Hoffman of Youngstown and Mrs. Myrtle Dufford of Butler.

The body has been removed to the Cunningham funeral home, Leesburg, where funeral services will be held, the time to be announced. The family will receive friends at the funeral home Wednesday afternoon and evening from 2 to 4 and 7 to 9 o'clock.

**Mrs. John Ezze.**

Mrs. Mary Tressa Palmer Ezze, aged 61, wife of John Ezze, 206 South Lafayette street, passed away Monday afternoon at 4 o'clock at her home after a long illness.

Mrs. Ezze was a member of St. Lucy's church and of the Sacred Heart Holy Rosary Society.

Surviving, in addition to her husband, are four children: Mrs. Margaret Tommelio of County Line street, Tony Ezze of the East Brook road, Edward of Court street, Mrs. Mary Stone, at home, Arthur, at home; nine grandchildren, and one sister, Mary Micheline, in Italy.

Funeral services will be held Thursday morning at 9:30 o'clock from St. Lucy's church. Interment will be in St. Lucy's cemetery.

The body was removed to the residence from the Mahoning funeral home this morning.

**Henlein Funeral Time.**

Funeral services for Morris M. Henlein, aged 57, who died Sunday evening in Erie, will be held Thursday afternoon at 1:30 o'clock from the Edward C. Hanley and Sons funeral home, Erie. Services will be in charge of the state body of the Protected Home Circle with Supreme President S. Hadley and Supreme Secretary L. D. Linkner of Sharon headquarters officiating.

Mr. Henlein, who had been in failing health for about a year, was

grand president of the state of Pennsylvania. Protected Home Circle, and of the state department of northwestern Pennsylvania. He was active, also, in the Masonic lodge.

Mr. Henlein was born in New Castle, son of Algeron and Elizabeth Henlein, and resided here up until 30 years ago when he went to Dayton, Ohio. He had been in Erie for 15 years. One sister, a resident of Cleveland, survives.

Following the Erie services, the funeral party will leave there at about 2:30, expecting to arrive in this city at 4:30 o'clock where interment will be made in Oak Park cemetery. Committal services will be in charge of Protected Home Circle officers. Local Protected Home Circle members will attend the services at the cemetery.

**Jack M. Scott.**

(Continued From Page One)

driven 50 miles into Bessarabia, according to Rumanian military circles. He said the Rumanians were meeting stiff resistance and that losses were reported heavy on both sides.

**Only Succeed At Brest-Litovsk**

The Russian high command said the Germans had attempted to develop an offensive along the entire front but had met with little or no success, save at Brest-Litovsk.

The communique stated:

"During the day (June 23) the enemy strove to develop an offensive along the whole front from the Baltic sea to the Black sea, directing his main effort in the Shulaiska, Grodno-Volkovysk, Kobrin, Vladimir-Volkovysk, Rava-Russka and Brody directions, but met with no success.

"Enemy attacks in the Vladimir-Volkovysk and Brody directions were repulsed with heavy losses to the enemy.

"In the Shaulai and Rava-Russka directions the enemy wedged, in the morning, into our territory, but in the second half of the day he was defeated and driven by our counterattacks beyond the state frontier.

**300 Tanks Destroyed**

"In the Shaulai direction about 300 enemy tanks were destroyed by our artillery fire.

"In the Byelostok (Bialystok) and Brest-Litovsk directions, after fierce fighting, the enemy succeeded in pressing our screen units and occupying Kolno, Lomza and Brest.

"Our air force carried out successful fights protecting our troops, airdromes and populated places, and military objects against enemy air raids and cooperating in counterattacks of our land forces.

"During the day our aircraft and our anti-aircraft artillery shot down fifty-one enemy planes on our territory and one enemy plane was forced down by our fighters upon an airdrome near Minsk.

"During the 22d and the 23d of June Soviet troops took prisoners about 1,000 German officers and men. According to more precise data, during the 22d of June altogether about seventy-six enemy planes were brought down."

**"Soil Of Russia Unviolated"**

Moscow, June 24.—The soil of Russia remains unviolated and the most terrific offensive in war's history has carried the German army only into Polish and Bessarabian territory, according to the Soviet military sources asserted today.

Fighting is still being "contained" in Polish and Rumanian territories, it was asserted, and except for bombing attacks upon Soviet cities, the invaders have not succeeded in reaching Russian ground.

Brest-Litovsk, just east of the Bug River in former Poland, has fallen. It was admitted, and some slight German gains were recorded in the north in Nazi drives into Poland toward Grodno and Bialystok. The main German assault upon the Ukraine in the south, according to Moscow information, has not yet even carried the Nazis to the old Rumanian-Russian frontier.

As against German claims of sweeping victories all along the 2,000 mile battlefield from the Baltic to the Black Sea, the Moscow radio announced tonight:

"The first battles against the Fascist Barbarians are revealing the strength and valor of the Red army. The attacks of the enemy are being successfully repulsed. We congratulate the heroic Red army on its first military successes in the great war for the fatherland."

tacked a convoy in the Straits of Dover but failed to cause any damage. The raiding planes were driven off by the convoy's naval escort.

An hour later German long-range guns mounted on the French coast opened up against the convoy and British planes immediately raced across the channel to blast the German gun positions.

So heavy were the explosions of the British bombs that the east coast of England was shaken by the blasts. It appeared evident the R. A. F. planes were using their newest and most powerful super-bombs.

Again at 7:30 a. m. new explosions occurred along the French coast indicating that the R. A. F. had returned to the attack in force.

Hundreds of British planes participated in the attacks on German-held French territory yesterday.

**DEDICATE FIRST AID STATIONS**

(Continued From Page One)

Allen called upon William Bowen, president of the firemen's rescue corps, who formally presented the ambulance to Director of Public Safety D. O. Davies. Mr. Davies accepted the mobile unit and dedicated it to the use of the citizens of New Castle, complimenting the firemen on their initiative and foresight in taking the first aid course of the Red Cross, fitting them to handle first aid cases. He in turn presented the ambulance to Judge Charles Matthews, Jr., who accepted it for the county.

**Compliments Firemen**

Chairman Harry Cullford, in charge of the first aid program of the Lawrence county chapter, American Red Cross, also complimented the firemen on their interest in this great humanitarian work and presented Fire Chief James E. Thomas with the Red Cross first aid station sign which was affixed to a post outside the fire house, informing the public that first aid treatment is available there.

The program was concluded with the band playing the Star Spangled Banner and the lowering of the American and Red Cross flags at the fire station.

A caravan was then formed, headed by the ambulance, which went to the other fire stations, where first aid station signs were presented.

## RUSSIA ACCEPTS BRITISH OFFER

(Continued From Page One)

trality, Eden said, and Britain's pledge to restore the independence of Poland will not be affected by the new Anglo-Russian collaboration.

Adolf Hitler hopes to break the military power of Russia and thus free himself of any eastern anxiety when he turns to the duel with Britain, Eden said.

"The political systems of Russia and Britain are divergent, and there is antipathy to our ways of life.

"But this must not for a moment obscure realities of the political issues facing us today.

"His majesty's government would have welcomed an agreement with the Soviets in order to maintain solidarity of the Balkan peoples before Germany over-ran them. But unfortunately the opportunity never presented itself.

"There never has been any sort of agreement between Russia and Britain on the Balkans or Germany.

"The Soviet government," Eden continued, "has made it plain that the military collaboration ahead will be on a mutual and reciprocal basis and his majesty's government expresses and endorses this view.

"The Russians today are fighting for their lives—fighting a man who seeks to dominate the world. That is also our sole task.

"His majesty's government cordially endorses the statement of Mr. Sumner Welles (United States Under-Secretary of State) that any defense against Hitlerism, from whatever source, would hasten the downfall of the present German leadership.

"That is our irrevocable purpose and we will not falter until final victory is won."

Poland and her people have earned their freedom, Eden said, and our pledge remains that we will redeem it.

The last few days, Eden said, have brought fresh assurances of increasing output "from our American friends—both material and moral—which will overwhelm Nazi resistance and crush Nazi power."

## Report Air Raid On Port Of Rumania

(International News Service) LONDON, June 24.—Quoting a Vichy dispatch from Rome, Reuters, the British news agency, today reported that Soviet planes carried out two air raids on the Rumanian Black sea port of Constantza.

Galati also was bombed according to Reuters, which said a number of casualties occurred at Constantza.

Those who are in attendance include Worthy Advisor, Miss Leslie Wilson, and Misses Marion Allen, Martha Chamberlain, Shirley Wilkins, Lois Leach, Juanita Lewis, and Jean Wright, from the Assembly and from the Advisory Board, are Mrs. F. F. Urey, president; Mrs. L. A. Wygant, Mrs. C. W. Herman Hess, Mrs. Charles H. Young, Miss Dorothy Young, and Mrs. Charles E. Allen, Mother Advisor.

Delegates will be in attendance from all over the United States and its possessions.

# ST. LUCY'S CHURCH SCENE OF WEDDING

In a beautiful ceremony performed at St. Lucy's church on Saturday morning Miss Teresa Zarilla, daughter of Mr. and Mrs. James Zarilla of Ashland avenue, became the bride of Alexander Bozul, son of Mr. and Mrs. Peter Bozul of Niagara Falls.

Before a gathering of friends, vows were exchanged, with the Rev. Fr. Sebastian Ippolito officiating and using the single ring service. The church was nicely decorated with palms and flowers for the occasion.

Given in marriage by her father, the bride was attired in white, her long veil was caught with a beaded crown, and she carried a bouquet of Madonna lilies.

Miss Lillian Peretta as maid of honor wore blue marquisette with pink roses and carried Johanna Hill roses. Bridesmaids, Nora Russo, Anna Domerick, Olga Lombardo and Jennie Dochoko, all wore pink marquisette with blue accessories, and carried yellow teaseros. Sandra Fowler and Mary Peretta were flower girls.

Nunzio Quido served as best man and ushering were Joseph Perrotta, Albert Pacelli, Peter Peretta and Thomas DeMarco.

After the ceremony a wedding dinner was served in St. Margaret's hall, where a reception was held in the evening. Mr. and Mrs. Bozul departed later on a wedding trip to Canada and Detroit. They will reside at Niagara Falls, where Mr. Bozul is employed at the National Carbon Factory.

Mr. Bozul is a graduate of our local high school, the class of 1940.

# NEW CASTLE HOSPITAL GROUP TO HAVE DANCE

This evening, members of the Students' Association of the New Castle Hospital School of Nursing, will again assemble for an enjoyable evening when they have their semi-annual dance event, held in the form of a "summer frolic," at the New Castle Field Club.

At 9:30 o'clock, activities will get under way, and dancing will start, continuing until 1 o'clock. The pleasing dance melodies will be provided by a popular orchestra. Students and their friends, and also members of the hospital staff are invited to attend the affair.

The social committee is in complete charge of the dance, and proceeds will be used in a manner of benefit to the hospital.

Chaperons for the occasion are: Dr. P. A. Shoaff, Dr. Wilbur Flannery, Mrs. R. F. Roberts, Blanche Gumaugh, Madeline Dublin and Mrs. Arthur Carpenter.

# B. P. W. BOARD HAS PICNIC MONDAY

Members of the B. P. W. executive board gathered in their cottage at Lakewood, Monday evening, for a picnic dinner with 22 persons present.

After a tasty menu was served at 6:30 o'clock by Mrs. Sarah McCune, Mrs. Marjorie Nelson, Geraldine Fry and Bess Gauley, a business session ensued. Plans were discussed for the coming year and for the club picnic at the cottage next Monday evening, June 30, at 6 o'clock.

Mrs. Hazel Boyd will be chairman of arrangements for the picnic and reservations will be made with the captains of the groups. At this time convention reports will be given by the delegates who attended the meeting at Hershey recently.

Miss Mary Bigley, president, appointed the following as chairman for the coming year: Camp, Bess Gauley; education, Lucille Lutton; finance, Geraldine Fry; health, Mary VanDort; house, Grace Brown; international relations, Evelyn Spencer; legislature, Mary Martin; membership, Mrs. Sara McCune; music, Mary Harward; program, Helen Westlake; public affairs, Genevieve Riddle; publications, Myrtle Lord; publicity, Mrs. Hazel Boyd; research, Florence Davis; social service, Helen Hinkson; transportation, Nancy Bechtol; auditor, Nancy Bechtol; bulletin editor, Margaret Montgomery; parliamentary, Pearl Hockembury; and pianist, Theodora Pollack.

# TU-NO MEMBERS MEET ON MONDAY

Members of the Tu-No club gathered in the home of Frances Cope, 829 Lathrop street, for their regular session and to honor the birthday anniversaries of Mary Barrett and Miss Cope.

Five hundred provided the main diversion, the prize going to Mary Barrett. At a suitable hour, the honorees were presented with lovely gifts in behalf of those assembled after which they enjoyed a delicious repast at a prettily arranged table.

Assisting Miss Cope in serving was her mother, Mrs. H. Stuart Cope.

Those responsible for the success of the affair include Mrs. William Siebendorfer, Mrs. William Riney, Mrs. Charles Henderson, and Betty Cline.

Watters-Smith  
The paragon of the Harmony Baptist church was the scene of a pretty wedding Saturday at 10 a. m., when two young people of New Castle, Miss Mary Watters, daughter of Alfred H. Watters, became the bride of Paul R. Smith, son of Mrs. Frank Hiller. The ceremony was performed by the Rev. Gray, pastor of the church.

Mr. and Mrs. William Watters of New Castle, uncle and aunt of the bride, served as best man and matron of honor, respectively.

The bride was beautifully attired in an ensemble of navy blue with white and blue accessories and wore a corsage of gardenias. The matron of honor wore blue with white accessories and her corsage was red roses and baby asters.

Following the ceremony a wedding dinner was served at the Smith home on County Line street to members of the immediate families of the couple, after which Mr. and Mrs. Smith left for a short honeymoon.

The bride and groom both attended the New Castle schools, and at present the latter is employed at the Johnson Bronze company.

Within the near future they plan to reside in their newly furnished home.

# To Meet Wednesday

#### Snake Bite Is Fatal To Boy

(International News Service)

BRADFORD, Pa., June 24.—Despite the frenzied efforts of his mother and another woman, two-year-old John Charles Goss was dead today after being bitten by a rattlesnake at a picnic lunch.

Mrs. Verna Goss, the mother, of nearby Eldred, and a friend were returning from Falconer, N. Y., and

had stopped alongside the highway to lunch. The women were preparing the luncheon when the child, about 25 feet away, suddenly screamed and the women discovered he had been bitten by a rattlesnake.

Mrs. Goss hastily applied a tourniquet to her son's leg and rushed him to a hospital, but the poison had already spread through the child's body and he succumbed eight hours later.

# Crazed Killer Is Object Of Hunt

Believe Deranged Killer At Large In Seattle Area, Man And Woman Late Victims

(International News Service) SEATTLE, Wash., June 24 — A crazed killer, who shot and killed one man and wounded another man and a woman near Seattle yesterday, was believed to have struck again today.

The sheriff's office was notified that the bludgeoned body of Mrs. Blanche Link had been found in brush on the northern outskirts of Seattle in the general vicinity of the slayer's crime yesterday.

Scores of reports of suspicious persons poured into police and the sheriff's office from persons fearful the maniac might strike at any moment in some other district. The homicidal maniac was believed to be a 60-year-old fugitive from the state mental hospital at Steilacoom.

Yesterday Edwin A. La Fountain, 58, of Seattle, was fatally shot in the back when the gunman ordered him to hand over his automobile. Mrs. La Fountain was seriously wounded in the attack. The gunman had previously kidnapped, robbed, and wounded R. F. Bull, Seattle plumbing salesman.

# INVASION OF RUSSIA IS SEEN AS MOVE TO RULE WORLD

(Continued From Page One)

Russia in its fight for world domination and if he defeats Russia, it will strengthen rather than weaken him.

"England ought to ruin most German cities while he is engaged with Russia."

"It ought to be plain to the people, and they ought to have known, that Hitler was out to rule the world."

Norris suggested that if Hitler and Stalin can fight on even terms "we can stand off."

Sen. LaFollette (P) Wis., branding the conflict a "screw war," said America should cry "a plague on both your houses."

"The interventionist will scream that now is the time for us to go to war," said LaFollette. "Will the American people fall for this? I do not believe it. They will refuse to let Uncle Sam be a fellow traveler."

May Aid Russia  
Meantime, many administration supporters in congress swung to the idea of giving Russia lease-lend aid

following State Undersecretary Welles indication that the help may be given if Moscow requests. Sen. George (D) Ga., chairman of the senate foreign relations committee, suggested that financial assistance to Russia might have a psychological effect on the Russian people.

"Until this thing moves far enough we cannot estimate with any intelligence what aid should be given, outside of the possibility of financial aid, the loosening up of credits to Russia, and even then the effect of that aid would be doubtful," said George.

Sen. Smith (D) S. C., said that the United States should give munitions to anyone fighting Hitler, declaring that "he is the scourge of civilization."

Sen. Caraway (D) Ark., added that "Germany is the common enemy."

"We should try and increase aid to Britain and let her give it to Russia if she thinks it advantageous," said Mrs. Caraway.

Rep. Shannon (D) Mo., strong foe of war, said the German-Russian clash "should show us all that a couple of horse and buggy statesmen, George Washington and Thomas Jefferson, knew what they were talking about when they told us to stay out of Europe."

# CITY EMPLOYEES' STRIKE IS ENDED

(Continued From Page One)

jevy, garbage workers and Al Martin, sewer workers, met with the mayor and council in private meeting in the office of the mayor.

Representatives of the city police and fire departments who are affiliated with the CEO indicated that if there is a raise given, they desired to share in it. They were not in the conference.

After 11 a. m. the strikers' committee emerged and said they had been given a message to carry to their fellow-workers and would give council an answer later whether or not they would resume work.

Later, Councilman D. O. Davies emerged from the meeting and announced that the city council had promised to give the workers' plea for a raise in wages full consideration. He said that council would endeavor to find if there are funds available for a raise. He did not say how much of a raise could be given.

Davies also said that if any raise was given all city employees would share in the increase. Later, Mayor Charles B. Mayne stated that if a raise was granted "undoubtedly all city employees will share in it."

At 11:30 a. m. Safety Director Davies announced the men had agreed to return to work at 12:30 p. m.

# Revised Vinson "Cooling Off" Bill Meets Approval

(International News Service)

WASHINGTON, June 24. — The House naval affairs committee today voted to report favorably the revised Vinson "cooling off" bill designed to halt strikes in defense industries. The vote was reported to be 11 to 8.

The measure makes the national mediation board a statutory agency and empowers the president to halt strikes for a period of 30 days during which efforts would be made to conciliate differences between labor and industry. The mediation board currently operates under an executive order of the president.

The bill, which previously had been approved by the committee, was recalled and modified after consultations with high government officials dealing with labor problems.

# 'Victory Report' Of USO In Preparation

Ellwood City Showing, Plus Final Push Here, To Swell Fund

A final report on Lawrence county's drive in behalf of the United Service Organizations will probably be ready for release Thursday, Campaign Chairman Patrick J. Flaherty said today.

"Down in Ellwood City the solicitation is progressing nicely, and by Thursday we may have a final report on the borough campaign," the Johnson Bronze Co. president reported.

He added: "The last report showed almost \$18,000 in for all the county—and we want \$20,000. We hope Thursday to announce that victory has been reached in the county campaign. Solicitation in New Castle is going ahead, although the city quota has already been exceeded."

Flaherty today awaited the coming of one of the USO leaders from New York national headquarters, who sent word last week that he wants to review the campaign here. The local drive is for a \$10,765,000 national fund to build recreational facilities in army and navy camps and defense centers.

# Heavy Sea Battle Off Finnish Coast

(International News Service)

STOCKHOLM, June 24.—A heavy sea battle south of Helsinki, Finland, was reported by the newspaper Aftonbladet today. Cannonading also was heard off the Stockholm archipelago and Gotland.

Tallin, Riga and Libau were reported bombed by German planes.

# BERLIN REPORTS HITLER ASSUMES DRIVE COMMAND

(Continued From Page One)

lence the extent of operations on the eastern front. But available reports indicated that blitz troops and the Luftwaffe were hammering the red army mercilessly after breaking through border fortifications at a number of strategic points.

Fighter-corpses with the German army in the field reported back to Berlin that the reds "hardly knew what hit them"—so powerful was the German attack.

# Claim Submarine Sunk

On the naval front, a German U-boat sank a Russian submarine yesterday after a brief battle off the Baltic port of Windau.

A Soviet destroyer, it was announced, sank itself by running into a German mine in the Baltic sea. German reconnaissance planes reported that the red destroyer sank in a few minutes without a trace.

The attempted Soviet air attack against East Prussia was carried out with what German military quarters described as "weak forces." Berlin described it as an "utter failure."

"The Soviet machines encountered such well-aimed anti-aircraft fire that they were forced to veer around immediately and drop their bombs on an open field," said a German military spokesman.

The German Luftwaffe, according to competent Nazi authorities, again fulfilled the role it played in Poland, France and the Netherlands.

Without giving the Soviets a chance to organize themselves, Nazi sources said, the German planes smashed out from their troop concentrations, air bases, fuel depots and ammunition dumps over a wide front. All were smashed repeatedly, said Nazi sources, by tons and tons of bombs.

Tell Of Direct Hits

the crew said, but the pilot had it under complete control and returned it safely at the home base.

Every eye-witness report sent back from the front by Nazi fighter-corpses stressed that in both air and land fighting so far the Soviet defenses crumbled rapidly. The red soldiers, these correspond-

ents asserted, either surrendered or fled wherever the Nazi "blitz" troops attacked.

Heaven favors the right; but still the wrong triumph if the right are too dumb to help themselves.

Another objection to public speeches is that so many of our big guns go "Ping!"

(Continued From Page Four)

"saturated" with 'em. I don't believe it. When Earl Browder last ran for president on the Communist ticket he piloted 48,789 votes. His own account, as a witness before the Dies committee, was that they came mostly from labor's ranks, which sounds likely. Well, there are about 10,000,000 unionized workers in the United States. Earl's score wasn't large enough to amount to saturation of our industries.

They're A Factor  
Still, speaking of sabotage, 48-789 Communists if they're all saboteurs can throw quite a few wrenches into a country's industrial machinery.

And there's no question but that the very capable Communist high command's pet weapon is sabotage. Moreover, its underlying membership is most amenable to its bosses' orders. The cusses are fanatics, who don't care what happens to 'em if they're caught, engaged in their dirty work.

The Nazis, while mean, aren't as handy as the Communists are.

The Fascists' managers don't try very hard. I surmise that they're disgusted with Mussolini.

Oh, the Dies committee is right in going after the Communists principally.

## Lock Haven Girl Attack Victim

(International News Service)  
LOCK HAVEN, Pa., June 24.—State motor police today joined with Clinton county officials in investigating an attack on a 15-year-old Lock Haven girl as she walked along a darkened street.

The girl, Dorothy Peters, daughter of Mr. and Mrs. A. L. Peters, in in a serious condition with a skull fracture at the Lock Haven hospital. Police said she was struck on the head as she walked alone toward her home.

It was recalled that a similar attack was staged on another Lock Haven young woman last week. The victim reported being struck on the head by a stranger who had followed her. The two cases paralleled attacks on three women in the vicinity of State College within the last three months.

## New Castle's Debt Is Comparatively Low

(Special To The News)

NEW YORK, June 24.—New Castle has a smaller municipal debt, in proportion to its population, than have most cities in the United States, according to data gathered from 304 cities by the National Municipal League here.

New Castle's net bonded debt amounted to \$2,551,720 at the beginning of this year, or \$53.56 for every man, woman and child in the city. This per capita figure was \$60.28 for the other cities in the 30,000 to 50,000 population group. For all cities, irrespective of size, the average debt was \$96.64 per person.

The net debt, which is exclusive of sinking funds and all public utility debt, is the most significant figure in studying the debt structure of cities, points out Rosina Mohaupt, who conducted the survey, since it represents the burden carried by the general property tax payer. It is continually decreasing in the larger cities, in sharp contrast to the rise in federal debt, and is a major phenomenon in governmental financing. The gradual shifting of responsibility from the local to the federal sphere, and new concepts of social welfare, are partially responsible for this trend.

adobe bungalow, furnished richly with furniture which he and his wife had inherited or had been given to them by parishioners. I found it a cool pleasant place on a very hot night. He and his wife had a splendid dinner for us with the church warden and their wives present. After dinner his wife insisted that when they received my letter accepting their invitation to spend a night with them, they had been very perplexed as to how they would be able to entertain us for they had no money, but during the week previous to our coming, her husband had performed five weddings for Californians who had rushed to Yuma to be married (Yuma is the Greta Green for Californians), and with the money so freely paid by the bridegrooms, they were able to give us a party.

Now, this year is the Golden Jubilee of the Dominie's Class at Yale—fifty years since his graduation. The Class Committee is seeking to get as large a number to attend as possible, as this perhaps will be the last great gathering and I was asked to see that this man and another classmate were brought to New Haven. I wrote to him, and lo and behold, he answered very

graciously that a wealthy woman—a parishioner—who had appreciated the work of his wife in the church, was making it possible for them to take the train, she would pay all the expenses of the trip!

I should say, in this connection, that he is now located in Tucson, Arizona, in a great church there. His location there is in a way an accident, for two years ago to was retired by the church on a very small pension and the future years promised to be rather lean ones for him financially, when, simultaneously, the pastor of the Tucson Church was taken away, and the Church asked this man to fill the pulpit. The Bishop protested, but the warden ignored the Bishop absolutely and said, "We will run this Church ourselves." Now he is established as the head of the Tucson Church.

These are just a few instances of which I have any knowledge in the

life of this man, but I know that he will continue unto the end to persist in his faith—the Lord will provide.

Any tax fails when it gets too high. The higher the tax on liquor, the more people drink untaxed moonshine.

## SHARON MAN IS HURT IN CRASH

W. J. Hamilton, aged 42, of 149 South Irwin avenue, Sharon, who is employed at the Sharon store, in Sharon, suffered a severe laceration of the right leg and bruises when his car left the road and struck a

culvert, three miles nor. of the city, on the New Wilmington road, shortly after nine o'clock Monday evening.

Hamilton was enroute home after attending a picnic here. He was taken to the Jameson Memorial hospital, where he is undergoing treatment.

## See Lively Battles Over State Court Nominations

By EVERETT GERRY

HARRISBURG, June 24—The prospect of lively battles over nominations for the state appellate court jobs to be filed at the fall election is disturbing to rival party leaders.

Republican and Democratic leaders alike will exert every effort to avoid a statewide fight because of the expense and in view of the contests for local offices in all counties.

A multi-cornered fight for the Republican nomination for judge of the superior court looked as opposition to Judge Charles F. Kenworthy, incumbent, appeared strong. One or more candidates with important following are expected to oppose the superior court jurist for a full 10-year term at the September 9 primary.

The Republican state organization was counted on to back Supreme Court Justice William M. Parker for a full 21-year term. Both Justice Parker and Judge Kenworthy were appointees of Gov. Arthur H. James. They are paid salaries of \$19,000 and \$18,000 a year, respectively.

Among those discussed in Republican circles as probable opponents of Kenworthy are State Representative Ellwood J. Turner of Delaware county, former speaker of the House, and State Senator John M. Walker, Allegheny county.

Opposition to Kenworthy for nomination for the full term was voiced strongly by Turner. The former, however, was believed to have the endorsement of Joseph N. Pew.

On the Democratic side, the state organization already has endorsed Judge W. Russell Carr, Fayette County, for the supreme court nomination, and Judge Michael A. Musmanno, Allegheny County, for the superior court. Judge Samuel Shull, Monroe, earlier tossed his hat in the ring for the supreme court nomination on the Democratic ticket.

Musmanno, supported strongly by the National Democratic Committee, David L. Lawrence and Philadelphia Democratic Chairman John B. Kelly, is expected to make a colorful campaign against his Republican opponent. Forces of U. S. Senator Joseph P. Guffey largely were responsible for the slating of Judge Carr.

Musmanno, who during his 10 years on the Allegheny County bench reduced drunken driving by 72 per cent, has served two terms in the legislature where he earned the reputation of a liberal. He crusaded also for abolition of the coal and iron police.

Leaders privately are hoping to avoid a statewide fight in order to permit their parties to devote all energies to the contests for local offices. They are anxious also to avoid a showdown on their respective strengths until the gubernatorial election next year.

Sixty-three judgeships in 43 counties will be contested in off-year municipal voting next November, when hundreds of state, city, county and lesser political divisions elect officers.

In Dauphin County, the terms of all three common pleas judges expire simultaneously.

### Listening Posts For Mercer County

GROVE CITY, June 24—Legion Post 220 here has been assigned five listening posts in this vicinity under the Airplane Warning Service established by the U. S. Army. On a certain date not yet set, volunteer veterans will man the posts, which encircle Grove City, and remain on duty for a 24-hour period in shifts of four hours each.

Post Commander P. C. Hassler has assigned a member of the Defense Committee to take charge of each of the posts. It will be the duty of the volunteers to report each airplane sighted as a pre-view of full-time observation service that would be necessary in event of war.

But the insect pest that costs America most year after year is the humbug.

## "I fell in love with Frigidaire!"

"It's beautiful, INSIDE AND OUT...and I found Frigidaire had loads of features I couldn't get in any other refrigerator at any price!"

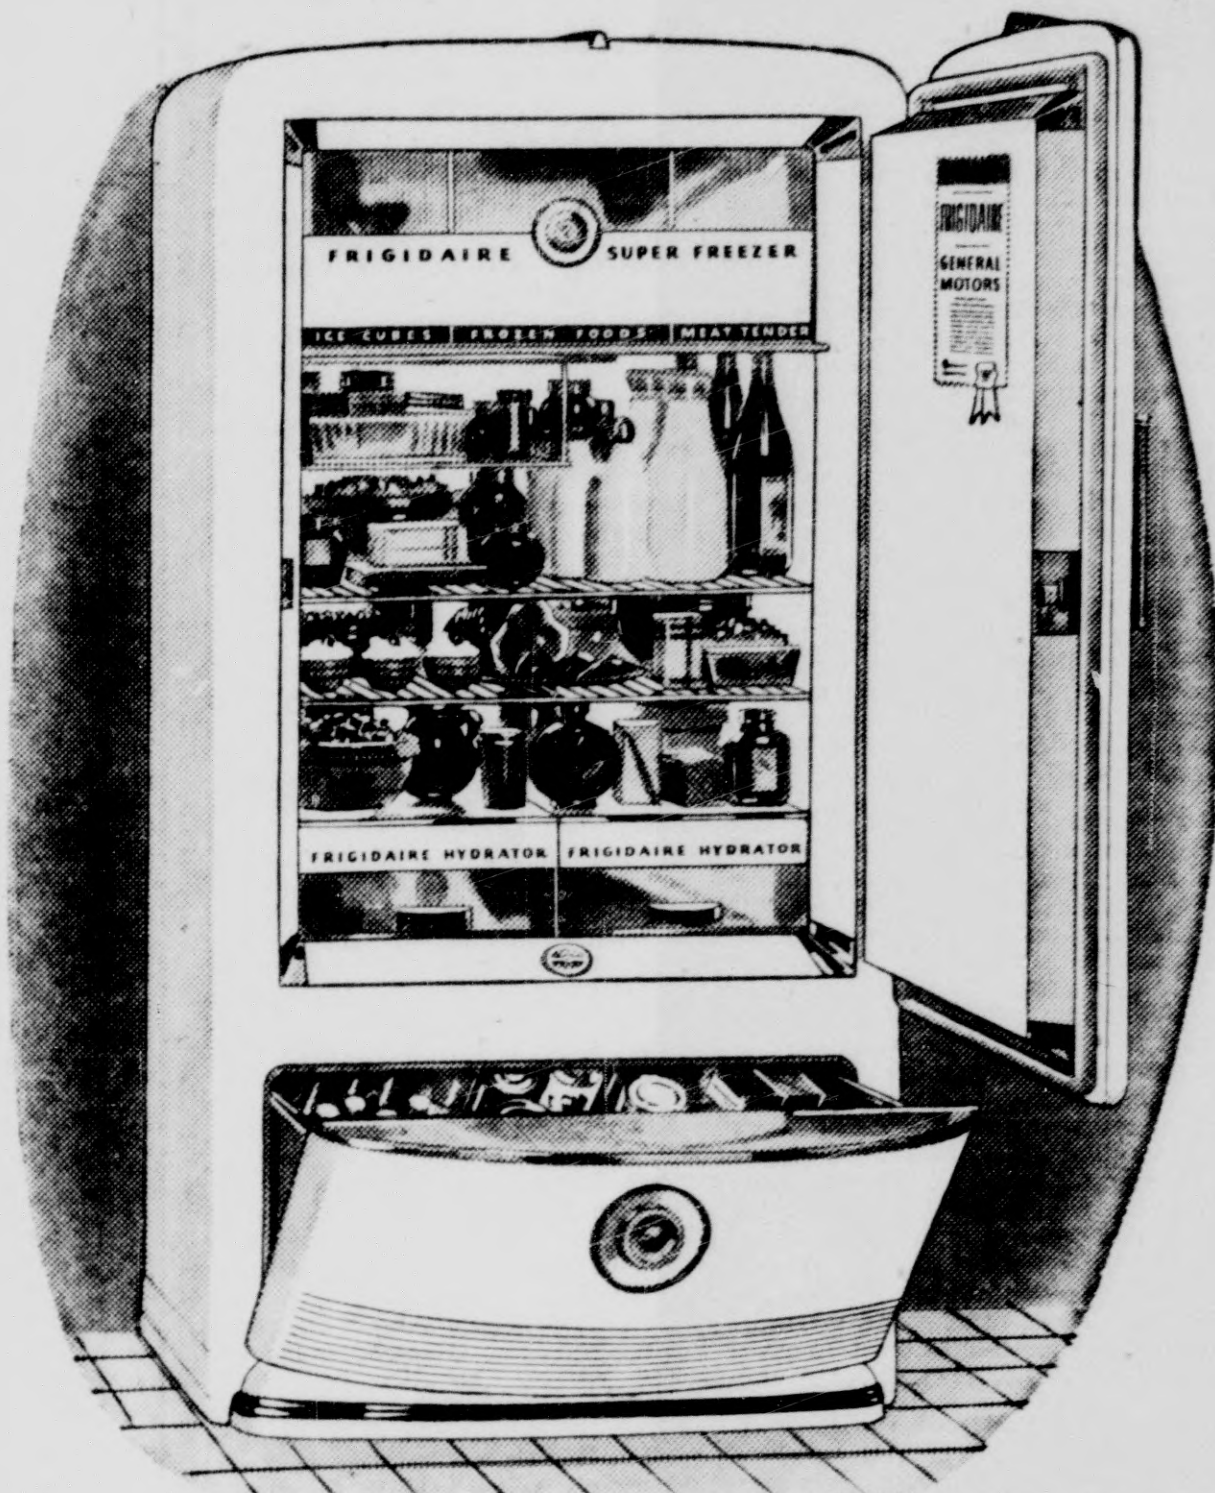

**"IT WAS FUN LOOKING**—that nice Frigidaire salesman took a lot of time to show me how Frigidaire is the best buy in every way. I didn't realize until he told me, that Frigidaire is made by General Motors—the same people who make those grand motor cars, Cadillac, Buick, Oldsmobile, Pontiac and Chevrolet. No wonder Frigidaire is chock-full of exciting features! For instance...

**"SCORE ANOTHER FOR FRIGIDAIRE**—a seamless all-porcelain interior makes Frigidaire more sanitary. Even the inside of the door is lifetime porcelain-on-steel! Cleaning's just a matter of seconds!

**"YOU'LL SAVE PLENTY** with Frigidaire's famous Meter-Miser. Thanks to General Motors' superb engineering, it has 22% more freezing power than last year, yet uses less current. You've just got to see these new Frigidaire today!

**"YOU SHOULD SEE** the wonderful Cold-Wall models! Chilling coils within the walls keep food fresher longer, and preserve precious vitamins. All the models were so exciting that I got the feeling General Motors was just as proud of creating Frigidaire as I would be of owning one!"

**CAUTION:** Unless a refrigerator bears the Frigidaire nameplate, it is not a genuine Frigidaire, made only by General Motors, world's largest builders of automobiles, motors and refrigerators.

**More For Your Money!**  
From the giant 6 9/10 cu. ft. 15-6 at \$129.75

**A SUNDAY WALK**  
Editor, New Castle News:

Last Sunday, I visited an oak woods on a high hill, above the old paper mill. Joining this woods is a big corn field, and, as I looked at the pretty, green stalks, I noticed they were about three feet high.

Among the oaks, were large patches of May apples, many poke weeds, lots of the pretty, yellow hop clover, some alsike clover, and many beautiful wild flowers. The old fashioned herb, catnip, was there, too. Also numerous milk weeds, standing like soldiers in rows, were growing on a steep, grassy bank by the corn field.

On my way home from the oak grove, I met a baby wood thrush and its mother near a little, woodland spring by the side of the road. The mother scolded me a great deal, which brought the ale, but I walked on, and everything was alright again.

(International News Service)

**RIPLEY, Miss.**—A Benton County Negro who carried, if not the cash, at least the memory of a 29-year-old debt around all these years, has finally paid up. Since 1912 the

Negro figured some day he would run into S. S. Finger, a Ripley merchant, again and would pay him the \$5 he owed. But a short time ago the Negro gave up and wrote to Finger telling him the \$5 was his if he took the trouble to go to a newspaper office in Ashland, Mass. Finger went and was handed the Negro's \$5 bill.

News And Views From Pennsylvania Capital

(International News Service)  
HARRISBURG, June 24.—The big truck bill is apparently headed for a gubernatorial veto. It is approved by the legislature. Passed by both houses, it is now before a conference committee which is attempting to reconcile divergent amendments to the measure. . . . The two houses have been unable to agree upon the weight of trucks permitted in the weight of trucks allowed on the state highways. At present trucks must not weigh more than 39,000 pounds.  
Veto of this controversial measure will probably come not because of the sensational charges made by Sen. Anthony J. Cavalcante, Fayette Democrat, but because of the disapproval of the state highway department. . . . Highway engineers say the roads are not at present able to withstand the increased weight. . . . This recommendation by his own department is expected to tip the governor's hand in opposition to the bill, providing the conference committee is able to reach an agreement.

Meanwhile, Senator Cavalcante's charges that money was paid to obtain the bill's passage have been discredited by a joint legislative investigating committee. As one Capitol reporter put it, "the boddie bomb turned out to be a dud."

Governor James' veto of the Haysen House milk bill may result in House approval of a Senate measure similar to the vetoed act but without a provision termed objectionable by the chief executive. . . . Both bills contain a provision bringing consignment sales of milk within the state's price-fixing regulations, but the House measure went further and removed from the governor the veto authority he has over price-fixing orders of the milk control commission. . . . The governor said he vetoed the bill because of this amendment. The other provision is needed, in the opinion of the milk commission, because the state supreme court ruled consignment sales are not subject to price fixing under the present law.

Soviet Warships And Nazi Planes Battle, Is Report

(International News Service)  
ANKARA, June 24.—A violent battle between Soviet warships and German aircraft in the Black sea off the Bulgarian coast was reported in Ankara today while Soviet sources said the red army was "holding its own" on all fronts.  
Axis sources in Ankara admitted that German troops were meeting strong opposition, particularly in northern Bukovina, where the Russians were said to be attacking instead of merely fighting a defensive battle.  
Bucharest reports said a Rumanian column from Galat advanced 50 miles toward Taurutin, south of Kishinev. Russian quarters asserted that German troops made up the column and that Rumanian soldiers are merely being held in reserve.  
The sea battle was reported in a dispatch from Varna which gave no details. It was learned the Germans had mined the Bulgarian-Rumanian coast but left a narrow channel unmined at the mouth of the Bosphorus.

HANEY'S  
OPPOSITE POST OFFICE ON THE PUBLIC SQUARE

The Human Side Of The News (By EDWIN C. HILL)

Attorney-General Robert H. Jackson, stanch New Dealer, has been moved up by an appreciative Chief to the Supreme Court of the United States. In the meantime, eulogies of Chief Justice Hughes, who steps down from the High Court on July the first, fairly flood the press.  
The great stature of the man's character is everywhere recognized, together with an intellect which hardly has had its match in all the nation. The merits of the man have been enormous in his onerous and exalted post. He has been an enormous worker, the marvel of his fellow Justices. The possesses the faculty of straight-thinking, and the spaces of his mind have always been as clear as a crystal day in October.  
It was the privilege of this speaker to come into contact with Charles Evans Hughes when he was Governor of New York, when he was Secretary of State, and when he was a candidate for President of the United States. I recall that our daily press conferences seemed a real pleasure to him. It relaxed him, afforded him a chance to laugh—he has a keen sense of humor—and even when burdened by the most harassing problems of State he was invariably considerate of the time of others, frank and truthful—the latter quality not having been always a jewel in the crown of great men. When the matter was not ready for publicity, he said so directly, but often would

cisco, and then, when he went to Long Beach on August 20, and to the Virginia Hotel, he was not told by the regular Republicans with him that Senator Hiram Johnson, idolized leader of the Progressives, was in the hotel at that very moment.  
It would have been so easy to call on the Senator or to have quietly arranged to have Johnson call on him. A few pleasant words and a handshake were probably all in the world that would have been required. But Mr. Hughes, because of bad conduct, departed without doing either. Senator Johnson was deeply offended. His followers took the incident as a personal slight to their leader.  
Thousands of them turned against Mr. Hughes when election day came, and when the returns were made public, it was found that Johnson was re-elected Senator by 300,000 and Mr. Hughes had lost the State as a candidate for President by a little more than 3,000. And California's twelve electoral votes save the Presidency to Woodrow Wilson. But the result was not known until the morning after election. Mr. and Mrs. Hughes were at the Hotel Astor. Judge Hughes went to bed quite sure that he was to be the next President. The morning after election his Secretary, Lawrence Green, went to his rooms and rapped on the door. ROME, June 24.—All Americans in Italy were forbidden to leave the country today. Announcement of the new Italian restrictions against Americans climaxed the growing diplomatic controversy between Rome and Washington.

This was renewed with the American government's freezing of Axis assets in the United States and similar action by the Italian government, which froze American funds in Rome.

**Retaliatory Move**  
The United States also ordered all Italian consulates in America closed and Italy replied by taking similar action against American consulates in this country.

An official communique stated: "In retaliation against measures taken by the American government, whereby Italians are forbidden to leave the territory of the United States without special authorization of federal authorities, the Italian government has ordered analogous provisions regarding Americans resident in the Italian kingdom or in territories under Italian sovereignty or occupied by Italian troops."

**BICYCLIST INJURED**  
George D. Reid, Jr., of 1415 Delaware avenue, suffered a laceration of the head and bruises of the left arm, when he fell from his bicycle, Monday afternoon. He was treated at the Jameson Memorial hospital for his injuries at 5:15 o'clock.

## On Court House Hill

The native habitat of the horned toad is in Texas and some of the other southwestern states. You don't find horned toads in this part of the country—well, not usually. Sunday afternoon one was found in the fruit orchards of Sheriff M. M. Ingham, but where it came from is anybody's guess. It may have been that the toad heard of the excellence of the sheriff's cherries and apples and came up to sample them.

Auditor's of the auditor-general's department are in the court house this week checking the expenditures of the county from the liquid fuels tax fund.

The fund is made up of moneys returned to the county by the state, at the rate of one-half cent per gallon for every gallon of gas sold in the county. It means about \$65,000 per year. The money can be used only for bond payments, interest on bonds, construction or reconstruction of highways and bridges.

Lawrence county has been careful that the money was used only for the specified purposes. Some counties used the money as a general fund. And in this respect it might be added that the states owes this county two years return.

For the period between June 16 and 23, 14 new voters registered, according to the permanent registration bureau. Of the 14, 12 registered as Republicans and two as Democrats. One Republican changed to Democrat, 11 Democrats changed to Republican and one Democrat changed to No Party.

A short session of court was held Monday morning. Some motions were presented and one argument heard.

## Propose Drastic Increases In Estate And Gift Taxes

By GRIFFING BANCROFT  
International News Service Staff

WASHINGTON, June 24.—The House Ways and Means committee on Monday voted drastic increases in state and gift tax rates to increase the federal yield from these sources by \$113,700,000.

Existing exemptions which provide that no federal tax is levied on estates of less than \$40,000 were retained. The increase is to come from a general doubling, or even tripling, of rates on estates and gifts from \$40,000 up to \$450,000. Estates of greater value than that were not altered as far as taxes are concerned, on the theory that they are now taxed as heavily as they can be.

A strong bi-partisan bloc on the House Ways and Means committee opened a drive to avoid or drastically curtail proposed tax increases on gasoline, automobiles, beer and tobacco.

Members of this group, striving to hold all of the excise or so-called "hidden" levies to a minimum, predicted that the new tax

## Ellwood City Man Robbed Of Money And Automobile

Forced To Drive To Girard,  
Near Erie, At Point Of Gun,  
Police Report

ELLWOOD CITY, June 24.—According to a report received by the Ellwood City police, an Ellwood man, William Ifft, of 333 1-3 Pittsburgh Circle, figured in an episode during the early morning in which he was forced to drive his auto to Girard, Pa., be robbed, and have the car stolen from him.

Ifft was returned from Pittsburgh, about 11 o'clock last night, when he stopped at Wellington and Rochester roads on the Perry highway and picked up a couple of strangers to give a lift. A little later, a third man was given a ride. The car proceeded about three miles up the Perry highway, when Ifft was suddenly confronted by a revolver in the hands of one of the trio and ordered to "Keep on Driving."

He went on up the Perry highway to a point a little above Mercer, when the car was stopped and the driver, still keeping him "covered" halted another car, and forced the driver of that machine to keep going with them. The driver of the other car was A. B. Sheriff, of the Erie district, according to the report received here.

When Girard was reached in the vicinity of Erie, according to the report of the Ellwood police, Ifft and Sheriff were forced to get out of the cars, were robbed of their possessions, and left in the road, as the trio drove off with the cars.

Little description has been secured of the hold-up aggregation, and the cars have not as yet been recovered.

## Jean Hunter Weds Joseph McKibben

Lovely Wedding Is Held At  
Presbyterian Church In  
Ellwood, Monday

ELLWOOD CITY, June 24.—In a ceremony Monday afternoon at 1:45 Jean C. Hunter, daughter of Mr. and Mrs. W. R. Hunter, became the wife of Dr. Joseph L. McKibben of Madison, Wis.

The wedding service was performed in the First Presbyterian church by the Rev. A. M. Stevenson, pastor of the church. Incidental music was played at the organ by Robert Stevenson, and Ruth Hunter, Edgewood, served as vocal soloist.

The bride, dressed in white net, a finger-tip veil and carrying a bouquet of lilies and delphiniums, was given in marriage by her father. The bridesmaid, Mrs. Ralph McCoy, Springfield, Ill., a sister of the groom, wore a pink gown with blue net and carried a bouquet of tea roses. Ray Herb, Boston, and an instructor at the Massachusetts Institute of Technology, stood with the bridegroom. Robert, Frank and Thomas Hunter, brothers of the bride, were the ushers.

Following the service at the church, the bride and groom received 18 guests of the immediate families and close friends at the home of the bride's parents. Another reception for friends was held at the home of Mrs. Frank Stamm, grandmother of the bride, at her home on the Ellwood-Zelenople road.

The bride and groom will take a wedding trip through the Ohio valley to the old home of the groom in Missouri, and will be at home in Madison, Wis., after July 7.

The bride is a graduate of Hiram college and has taught for the past two years in the Beaver Falls high school. Dr. McKibben received his doctor's degree in 1940 and since has become head of the department of physics, University of Wisconsin.

Police Work

ELLWOOD CITY, June 24.—The Ellwood City police have added to the present resources of the department a completely equipped darkroom and the best available photographic equipment.

The department has created the darkroom in one of the basement chambers of the city building and has outfitted it with developing, enlarging and photographing equipment which is certainly adequate for the work which they will attempt. For photographic work, a Speed Graphic camera has been purchased with all accessory equipment, including flash bulb synchronizers and an automatic focusing device.

By use of this equipment, which will be placed in the charge of two of the police staff, the department hopes to secure pictures of accidents, fires, construction work and to take pictures of prisoners admitted to the local jail.

In any sense, it should be recognized that this is only another step in keeping the department abreast of the most modern methods in crime detection and police work.

## Stuart Reunion Much Enjoyed

ELLWOOD CITY, June 24.—The first annual reunion of the descendants of Charles and Lulu Stuart was held Sunday afternoon and evening at Rambler's Rest, between Harlansburg and Slippery Rock.

Following the dinner, the thirty persons present elected the officers for the coming year. George Johnson, New Castle, was selected for the presidency. Mrs. Charles Stuart, secretary; Mrs. Joseph Houk, treasurer, and Mrs. Harvey Houk, New Castle, chairman of the table committee. Mrs. Houk chose Robert Styles, Mrs. June Stuart and Mrs. Bessie Houk to assist on that committee.

The next reunion was planned for the first Sunday in July, 1942, at the home of Pet Bennels, Ellwood City. Both the noon and evening meals were served at the gathering and the group enjoyed games, swimming and sports through the afternoon and evening.

## REBEKAH LODGE HAS INITIATION

ELLWOOD CITY, June 24.—The regular meeting of the Rebekah Lodge was held at the First National Bank Building on Monday evening with Mrs. Minnie Duffy, president, conducting the meeting.

Forty members were present and visitors were entertained from the Zelenople Lodge, also Mrs. Wadding of the Lady Della Lodge, Huntingdon, Pa.

An initiation was conducted by Mrs. Ora Travis bringing Mrs. Verna McKim into the membership of the society.

Later in the program twenty two of the past grands of the chapter were presented with past grand pins by Mrs. Myrna Badger.

Before the lunch was served by Mrs. Minnie Duffy, sides were chosen for a contest to be held by the lodge and a picnic was planned for July in cooperation with the I.O.O.F.

## HOSPITAL NOTES

ELLWOOD CITY, June 24.—Four patients were admitted to the Ellwood City hospital yesterday and five cases were discharged.

Admitted: Dorothy Jane Herton, Ellport; Rose Narden, Koppel; Pat; Lou Maine, Ellwood City, and Henry Corain, R. D. 1, Scottsdale. Discharged: Arthur Levinger, Zelenople; Harry Rozski, Wampum; Joseph Hardisky, R. D. 2, Edith Cable, 431 First avenue, and Mrs. Isman Mariotti and infant daughter, 716 Fourth street.

## C. A. Martin Class Meets Monday Eve

ELLWOOD CITY, June 24.—The C. A. Martin class of the First Presbyterian church was entertained at the home of Mrs. Mose Lauderbaugh, Marion Farms, on Monday evening.

The regular business meeting was conducted by the president of the class, Mrs. Cliff Kennedy and it was announced that the Presbyterian church, with the Baptist, had been asked to help in the U.S.O. campaign solicitation.

There were eleven members present and one guest, Mrs. McKee, mother of the hostess. A social time was brought to an end with a delicious lunch served by the hostess who was assisted by Mrs. Stella Martin and Mrs. Cliff Kennedy.

## Young People's Council Meets

ELLWOOD CITY, June 24.—The Young People's Council of the local churches held an evening nite Monday, leaving from the Wurttemberg U. P. church.

About 50 young people managed to make the six-mile round-trip out in the direction of the Third Baptist and later returned to the Wurttemberg church for a social time. The committee in charge of the arrangements comprised Robert Taylor, John Caughey, Jr., and Clifford Jones.

The next meeting of the council will be held July 14 at the Wurttemberg Methodist church.

## Local Man Dies At Home Tuesday

ELLWOOD CITY, June 24.—Succumbing after a long illness, Alexander Massine, 67, passed away at his home, 382 Pittsburgh Circle, late Monday afternoon.

Mr. Massine is survived by his wife, three sons and a daughter. The funeral services will be held from his home of Pittsburgh Circle at 2 p. m., Wednesday afternoon and is to be buried in the Locust Grove cemetery.

## Daughters Of Ruth Have Picnic Supper

ELLWOOD CITY, June 24.—The Daughters of Ruth, First Baptist church, held a picnic meeting at Ewing Park on Monday evening with thirteen members present. Mrs. David Vandorder, teacher of the class, was present and also Mrs. Frank Kleindienst, former teacher.

Following the tureen dinner, the group enjoyed playing croquet and other games.

## MINISTER QUILTS PULPIT TO BECOME PAPER'S EDITOR

(International News Service)  
COLUMBUS, O. — From Presbyterian minister to small town newspaper editor is the step to be taken by Rev. Frank D. Harris, now pastor of the Columbus Presbyterian church.

He is resigning the pulpit he has held for seven years to step into the printshop at Shirley, Ind., a community of 800. There, in July, he will become editor-publisher of the Shirley News, thus fulfilling a lifelong ambition.

Harris is not entirely a stranger to journalism, having contributed as a free lance to several newspapers and once handling a music column in the Steubenville, O., Gazette. He promises to "do things a little different" because the "weekly newspapers that amount to anything all have a reputation for doing things a little out of the ordinary."

## Support Of U. S. O. Drive Is Asked

Committee Asks For Patriotic  
Response From Ellwood  
And Vicinity

ELLWOOD CITY, June 24.—Some time during this week every home in Ellwood City and environs will be canvassed for their free-will contribution to the United Service Organization. Workers who always in the past have given of their time for Red Cross and other worthwhile drives will again through patriotism for the boys training to defend our country, call at your door for your contribution. Let's all give willingly and cheerfully so as to lighten the job of the solicitors who are always willing to give their time without financial gain, for humanitarian work such as this.

The U.S.O. drive deserves the support of everyone and we hope no one will be unpatriotic enough to tell the canvassers that their husbands have contributed in the mills as no solicitation has been or will be made through the mills here in Ellwood City. Every cent collected in the drive will be used to maintain home-like club rooms for those boys who gave up their jobs and homes to train themselves to defend our country for \$21.00 a month.

Ellwood City and surrounding communities have sent a great many boys to army camps all over the country and we all need to build up the morale of these boys by giving them homelike comfort in clubs off of Government property where they might enjoy their 24 hour leave as a civilian.

Again we plead let's all give a substantial contribution and do it with the proper patriotic spirit that makes us all real American citizens. Executive Committee, Ellwood City U. S. O.: Miss Louise Barton, chairman; Max Groden, vice-chairman; Boyd Barrett, vice-chairman; J. J. McLaughlin, secretary; H. R. Smith, treasurer.

## Merchants Hear Notable Address

Dr. E. L. Nixon Speaks—Paul  
Reynolds Is Accorded  
Special Honor

ELLWOOD CITY, June 24.—Dr. E. L. Nixon, agricultural counselor for the Pennsylvania Chain Store Council, gave one of the finest addresses ever heard by the Merchants' Division at their dinner in the Elks' Grill last night.

Dr. Nixon with his 23 years of experience as professor of plant pathology at State College enlightened the merchants on the value of helping and cooperating with the farmer so that the farmer will have a real market for his products. Dr. Nixon's Will Rogers' qualities and humor made a tremendous hit with every merchant who attended the meeting.

The highlight of the affair was the presentation of the "Community Builder Award" to Paul Reynolds, manager of the local J. C. Penney Company, for his active participation in community activities and civic work. This award is given to only 365 persons in the United States by the "Chain Store Age" publication and the award to Paul Reynolds was not only outstanding to him personally, but also to the community.

During the business session which was presided over by President Howard Jones, a special committee consisting of Robert Shearer, Paxton Pike and Adolph Lebowitz was appointed to arrange for telegrams appealing to Governor James to sign Senate Bill No. 454 which would empower the Pennsylvania Department of Highways to take over the Koppel Bridge and free it of toll immediately.

The bill is in the governor's office and so far he has not signed the bill because of an indifferent attitude of the highway department toward taking over toll bridges.

President Howard Jones also appointed a special solicitation committee Wayne Shiever, and Paul Reynolds. Wayne Shiever, and Paul Reynolds. This committee will work out a new schedule for merchants solicitation and advertising.

The merchants-employee picnic committee will meet next week to form plans for the big affair to be held again this year.

Sleeping car service has been discontinued in many European countries, the Department of Commerce reports.

## Your "eating money"

WHO TOLD YOU how to shop for groceries? Where did you learn WHAT STORES to patronize, WHAT FOODS to buy?

Did some neighbor tell you—or your mother—or a friend? Then who told THEM?

The fact is (and all of us know it when we think of it) the fine foods we enjoy have been ADVERTISED, by NAME. And they have been described and recommended in the home-making columns of the papers. Then, finally, the stores right here in town have

told you they HAVE these foods and what the real bargains are this week.

This system makes it simple to shop, saves hours of frustration, dollars of wasted money. Oddly enough, food advertising costs the advertisers such a small fraction of a PENNY per family per day that it amounts to less than the cost of the cream that sticks to the pitcher!

And a single store ad can often save you enough to buy a whole meal for the family!

Some folks may think our American way of life is pretty faulty. It isn't perfect, by a long shot. But we've worked out some mighty swell short cuts and money savers in the U.S.

Fine newspapers full of REAL news—political, social and business news—yet mostly paid for by the very ADVERTISING that helps us to make our "eating money" go round, are just one example of how a FREE PEOPLE can solve problems EASILY while the crackpot nations FUMBLE over them.—Newspaper Publishers Committee, 420 Lexington Avenue, New York.

## Congress Is Split Over Question Of Giving Soviet Aid

Most Members Believe New  
Turn Lessens Chance Of  
U. S. Being Involved

By WILLIAM S. NEAL  
International News Service Staff  
Correspondent

WASHINGTON, June 24.—A canvass of the House and Senate revealed that Congress is sharply split over the question of extending lease-lend aid to Russia in the war against Germany, but most members agree that the new conflict lessens chances of America being involved in the war.

President Roosevelt, it was conceded, has full power to give aid to Russia on the same terms aid is extended to Great Britain or China. During the lease-lend fight amendments banning aid to Russia were rejected both in the Senate and House.

Consistent foes of Communism and Russian recognition served notice of vigorous protests against American arms to aid Russia. While Russia has huge stores of equipment, some members expect her to appeal for aviation gasoline.

Senator Glass (D. Va.), a leader in the fight for British aid, voiced doubt over whether lease-lend aid should be given to Russia.

"I don't know about that—Russia is not a very good credit," said Glass.

But Senator Van Nuys (D. Ind.), supporter of British aid but foe of war involvement, said he is willing to aid Russia.

"If it is a bonafide war, I'd be glad to extend aid to Russia, although I don't underwrite or support the policies of either Germany or Russia," said Van Nuys. "I don't think it increases our chances of being

involved. I hope it is a war of extermination of both."

Representative Fish (R. N. Y.), non-interventionist, assailed any idea of aiding Russia. He said:

"I want no alliance with Soviet Russia, direct or indirect, and I don't think that by the wildest imagination Russia could be included with those countries fighting for the cause of democracy. I think this lessens our chance of getting into war."

Senator George (D. Ga.), chairman of the foreign relations committee, declined to comment on the question of lease-lend aid, but he pointed out that the German-Russ war gives Britain more time to prepare and the United States more time to aid her.

Senator Capper (R. Kansas) said: "I should think aiding Russia is a very doubtful proposal—I'd have to think pretty carefully before sanctioning that," he said. "I don't see that the conflict enhances our chances of war."

Senator Shipstead (R. Minn.), strong foe of war, caustically remarked, "I suppose this means we've got to help another democracy."

"Russia must be a democracy now that she is fighting Germany," he declared. "I rather think that the war makes the danger of our involvement 10 times worse."

Senator Thomas (D. Utah) said, "I don't know whether we should send our materials to Russia; that is a problem that cannot be decided at once."

"Germany is public enemy No. 1, and if aiding Russia means aiding England we ought to extend help to her," said Representative May (D. Ky.), chairman of the House Military Affairs committee.

Senator Pepper (D. Florida), advocate of extreme action to aid Britain, favors immediate extension of lease-lend aid to Russia. He indicated that he will ask President Roosevelt to proceed speedily to give this aid to the Soviet.

### MUSIC FOR WORKERS

(International News Service)

NEWARK—Music is played during overtime hours and for a half hour each morning and afternoon to relieve nervous tension and fatigue of 1,500 men and women employees responsible for delicate operations on electric meters and other instruments in the Westinghouse plant here.

Still, if Nazi parachutists are dropped, the obvious comment is the one Lincoln made on Grant's liquor.

## Reconstruction Of Ancient Churches Planned By England

Clergymen Are Busy Photographing Historic Churches For Future Reference

By FRANK EGGLESTON  
International News Service Staff  
Correspondent

LONDON, June 24.—England's ancient churches and cathedrals are running a race against the Nazi Luftwaffe.

Far away from the sound of bombs and guns, in the heart of the country, Church of England clergymen and voluntary workers are filing and indexing thousands of photographs of English cathedrals and churches.

No one can tell where the next bomb may fall and if these churches are not photographed it will be almost impossible to reconstruct them.

So a central council has been appointed by the Church of England, and, assisted by forty-two advisory committees, photographs are being selected, and sent to the secretary, Dr. Eccles.

### 14,000 Ancient Churches

There are about 14,000 ancient churches in Britain and if this number is multiplied by ten some idea is obtained of the number of photographs needed.

Architects' plans and notes of many churches already in ruins are fortunately in safe hands, but unless this vital work is speeded up many records will have been destroyed long before necessary safe-guarding action is taken.

Photographs are being taken by boys and girls in their teens, and the aged. One came from a church-goer of ninety.

Some people have sent whole collections which have been handed down in families since the early days of photography—and every picture is welcomed.

## Spittle Insects Are Numerous

Department Of Forests And  
Waters Tells Of Pest  
Prevalent In State

(Special To The News)

HARRISBURG, June 24.—Spittle insects which excrete frothy matter are common this year on different plants including forest and shade trees, Charles E. Baer, deputy secretary, department of forests and waters, said today.

Numerous species of these insects are known but the parallel spittle bug, or froghopper, which attacks various pines and spruces in Pennsylvania sometimes does considerable damage. Scotch pine is its favorite host and the sucking by the young insects results in a loss of plant liquids and feeding by adults lowers the vigor of trees. Heavy infestations may cause the death of branches or entire trees. Reports from district foresters indicate that pitch pine, mugho pine, white pine, Virginia pine and Norway spruce are also being attacked.

A close examination of the white, frothy masses on host plants reveals the presence of young insects. The froth is supposed to consist of sap which the insect has pumped from the plant, by means of its beak, and passed through the body. The excretion is beaten into foam as the young spittle insect uses its somewhat spoon-shaped posterior extremity to draw bubbles of air into the fluid. This spittle apparently serves to protect the tender young bugs from the drying atmosphere and from other parasites.

Spraying heavily infested individual trees during June with pyrethrum extract and soap mixed in water gives excellent control. The proportions should be used in the ratio of approximately one pint of pyrethrum extract to fifty gallons of water with one or two pounds of laundry soap added. Pyrethrum has the advantage of being absolutely non-poisonous to humans and will not discolor the foliage.

## DAILY DOZEN

(From the Medical Society of  
the State of Pennsylvania)

This country needs a broad, well-planned school health policy.

School health policies show "extreme variations."

One city spends large sums on improving pupils' posture.

Yet it conducts no tuberculosis case-finding program.

Another city does nothing about posture.

But it has an extensive tuberculin-testing program.

There should be one set of school health rules for all.

These should include healthful school environment.

Accident and sudden sickness cases require school personnel aid.

Children physically handicapped and in poor health need school help.

Health instruction and periodic examinations are recommended.

There should be a more uniform school health policy.

## Camp Will Welcome Host Of 4-H Boys

Camp Fred L. Rentz of the New Castle Y. M. C. A. today was being readied for the arrival Monday, June 30, for a large group of 4-H club boys from the farms of the district.

The "Y" said County Farm Agent Harold R. McCulloch will supervise the grounds during the one-week stay of the farm youth, and that the association's regular camp season will open Monday, July 7. Five weeks of "Y" camping are scheduled, and most of the weekly quotas are filled by now.

## Tourist Travel Will Take Jump July 4 Weekend

HARRISBURG, Pa., June 24.—Fourth of July falling on Friday this year provides a long week-end vacation period during which tourist travel in Pennsylvania is expected to show a decided increase, the State Department of Commerce reported today.

City and community chambers, of

commerce, resort sections, recreational and historical park administrators are making plans to combine the historical significance and the vacation angle in Independence Day programs.

Pennsylvanians and out-of-state tourists will want to visit or re-visit famous national patriotic shrines such as Independence Hall in Philadelphia where delegates from the 13 colonies gathered to affix their signatures to one of the most important of American documents.

Mark S. James, Acting Secretary of

the State Department of Commerce, said. Other historical highlights of tourist interest in Philadelphia include the Liberty Bell, Constitution Hall and the Betsy Ross House.

At many of the state parks, athletic events, swimming and diving contests, band concerts and group picnics are scheduled.

Hotels and inns in the Poconos, the Cook Forest region in northwestern Pennsylvania, the Bedford mineral spring sections in the southwestern part of the state and

other popular resort places are planning full week-end programs beginning Thursday night, July 3.

### Elders-Indies Battle Tonight

First Place In City League At Stake In Game At Marshall Field Tonight

The big game of the season, the one that the fans have been waiting for, will take place this evening at 6 o'clock at Marshall field when the Elder A. C. and Lawrence Indies fight it out for first place in the league. Each has lost but one game.

Manager Joe O'Leary will have all three of his aces ready for service. Leroy Anderson is the pitcher likely to get the nod as a starter, with Faller and Withrow also ready to take their turn on the mound. Anderson in other years has been tough for the Indies to beat.

Just who will be the choice of Manager Russo is not known, but it will probably be Paul Morrison or Joe Wilk, with the former the most likely choice. Both are first class pitchers and will give the Elders a lot of trouble. Marshall field will not doubt be the mecca of hundreds of fans tonight.

**Moose at West Pittsburg**  
Down at West Pittsburg the Moose club will tangle with the "Gas House" gang, and it will be either Braky or Powell as Manager De-Genova's choice as a starter, with Powell and Picato ready to pitch for the Moose.

A natural rivals' battle will take place at the Lee avenue field tonight when Manager Joe Samuels takes his Raintown team up to the West Side ball park for a game with the up and coming West Side A. C. team. Manager Len Gilbert will start either "Eddie" "Feller" Stewart or Pyle with the former being almost certain to get the nod.

In conjunction with the Elders-Indies torrid battle tonight at Marshall field, the Elder team and members of the 21st A.C. held a pep meeting last night at the club house it was announced by General Chairman Joseph Eddy and that a man the Elders announced their intentions of taking the measure of the rampaging Indies, which is a big order and the entire East Side will turn out tonight to see the outcome.

Manager Joe O'Leary announced definitely today that his starting pitcher would be Leroy "Blondie" Anderson, the former Slovak hurling ace. Russo was undecided who would start for the Seventh Warders.

Manager Hop Colalucia of Croton informed The News today that he was cancelling the scheduled game tonight with the Slovaks at the Clifton Flats field. No reason was extended for the calling off of the game.

### Milsoms To Play At Butler Sunday

The Milsom colored baseball team, formerly the Colored Elks will go to Butler this coming Sunday to battle the Butler Blue Sox, it was announced today by Business Manager James Hill.

Last Sunday the Milsoms opened their home season by dropping a tough 3 to 7 game to the Alliance All-Stars at the Booker T. Washington field. The winning pitcher was Williams, the loser was Smith. The Milsoms had 11 hits, the Alliance team seven hits. Triples were hit by Hill, Walls, Williams smacked a homer, and Hill also had a double for the locals. Robinson and Skillern did a lot of fine clotting for the Ohioans.

On the Fourth of July the Milsoms will play a return battle in the form of a double-header with the Alliance team at the Alliance field the first game starting at 1 o'clock.

### Pulaski Captures City-County Title

Racks Two Triumphs Over Bush, 10-5 And 15-1, To Cop First Half Toga

By racking a pair of decisions at the expense of the Bush A. C. 10-5 and 15-1, Pulaski pocketed the first half championship of the City-County Independent Baseball League.

In the opening setto, Braho drew the mound assignment and held the Bush nine to nine scattered hits. Mitcheltree handled the mound chore in the caboose end of the attraction and chucked a two-hitter.

### Ellwood Trims Fannins 4 To 3

Gallagher Outpitches Gunther As Ellwood Wins, Rads Get Forfeit

In a great pitching battle at the Rose avenue field on Monday night the Ellwood Sons of Italy took a 4 to 3 victory over the Fannin team of New Castle. Gallagher, although allowing more hits than Gunther, was the winning hurler. Gunther was wild walking seven men.

The winners had but five hits, but bunched them in the second inning for two runs. The Fannins had eight hits, but could not hit when hits meant runs. Extra-base socks were knitt by—Toy Laitenen and Fazzzone.

### League Managers Meet Wednesday

An important meeting of the managers with officials of the city baseball league will be held at the St. Joseph Parish Hall at 8 o'clock on Wednesday night, with Rev. Fr. Peter M. Schirra in charge of the meeting.

The meeting is of interest to every manager in the loop and the starting of the second-half has a great deal to do with the discussion to be taken up at the meeting.

### What's In Name? Query Printers

What's in a name? Off-hand, the answer seems to be—nothing!

So far as printers and scribes are concerned, a name can be a pain in the neck.

In Stockton, for instance, Wojtkiewicz Wojciechowski has enrolled at the College of Pacific, hoping to play football under Coach Amos Alonzo Stagg.

He says he's a brother of Alex Wojciechowski, Fordham's All-American center in 1939.

Try writing or even pronouncing the name and see how you like it.

### HUSKIES WIN FIVE 'KEPSIE REGATTAS

Al Ulbricksen, coach of the University of Washington crew, has seen his varsity outfits win five Poughkeepsie regatta five times.

The Huskies snared the coveted laurels in 1923, 1924, 1926, 1936, 1937 and 1940. The Tuckies finished second five times and third five times. The noted regatta is a June 25 event.

### SPORTS WORLD RAMBLINGS

Scribbled under a shady tree:—

New Castle's younger baseball-minded gentry is training diligently in preparation for the opening of the Atlantic free baseball school Friday morning at George Washington junior high field. Bright-eyed lads, overflowing with vim, are getting their final licks before Al Kreuz and Glen Wright, this year's professors, get a glimpse at the large class.

**Al Bucci, the highly appraised ex-New Castle high griddler, will likely matriculate at Alabama Poly this fall. The six foot four ace reportedly is all set to enter the southern institution for a one year prep session. After he acquires the required credits, Al will probably shift to Alabama University.**

**Indianapolis nearly broke off relations with Cincinnati when the National League aggregation snatched "Chuck" Aleno, the team's outstanding performer. Latest reports state that Detroit shelled out \$15,000 for Rip Radcliffe, William Edward Crouch, Philly**

**right-hander, has been purchased by the St. Louis Cardinals, by way of the waiver proceedings.**

**Hugh Casey finds unlimited delight in performing against Cincinnati and New York. The Brooklyn flimber has dumped the Reds and Giants four times apiece. The two aggregations have yet to pin back Casey's ears, so far this season.**

### City-County Race To End On Friday

Pulaski Winner Of First Half Coronet; Grabs 15 Victories Against Lone Loss

City-County Independent Baseball League rivals conclude first half hostilities Friday evening. Carm DeLone, president, announced today.

Pulaski, winner of 15 out of 16 clashes, snatched the first half bunting by a good country mile. Wednesday's program finds the Deyvers at Shamrocks, Elders at Pulaski, Ramblers at South Hills and Civics at Bush.

### Hillsville Wins From Bessemer

Hillsville came through yesterday and handed a two to one set-back to Bessemer at Bessemer. It was one of the best games yet played in the Lawrence County Baseball league.

In fact, the pitching of Ammons was super, only one Bessemerite, Samma, the second baseman, getting a safe blow. He struck out six. Hardesty, also a good finger, allowed only four hits. Hardesty fanned one. Not one hit went for an extra base. Pelto Samma and Conner executed a neat double play.

### Falls Short Of No Hit Game

Ball Players Would Have Liked Ammons To Win Honor

Ball players in the Lawrence County baseball yard today were sorry because Ammons' hurl for Hillsville, lost a no-hit honor yesterday at Bessemer. According to James Martin, manager of Bessemer, the team which bowed, Ammons deserved to have a no-hit game.

In the first frame a scratch hit went to the infield. Ammons did not go after the ball. The catcher did but the ball was fielded too late for an out.

The Lawrence County schedule calls for Bessemer to play at Hillsville Wednesday and Ellwood will remain at home with Wampum as an opponent. On Friday, Bessemer will tackle Ellwood City at Ellwood City.

Managers have been summoned by officials to attend a meeting in the Sport Goods store, Thursday evening. It was reported today there'll be no discarding of postponed games. All must be played, it was stated by officials.

### Sammy Sreet To Meet Aron Again

(International News Service)  
CHICAGO, June 24.—Sammy Sreet, the fast-climbing welterweight threat from Canonsburg, Pa., has been signed for a return 10-round bout with Milt Aron, Chicago veteran, next Monday, it was announced today. The bout will be held at the Margold Gardens, where Sreet won a decision over Aron last week for his eighth straight victory in only one year of professional campaigning.

### Moran, Leasure On Card Monday

Popular Punchers To Appear In Benefit Boxing Show Here

Frankie Moran, kazo artist, and Les Leasure, who lost a close decision to Russ Baxter some time ago, will be two of the local amateur fighters who will battle out-of-town opponents next Monday night at The Arena when the Jefferson Athletic club holds a boxing show.

Moran will battle Melio Donelli of Niles at 135. It promises to be a great fight. Not long ago Moran stopped Johnny Shar of Clairton in return for Shar's fight. Shar has been matched to box Billy Boile of Ashtabula.

Les Leasure, who has grown fast and no longer battles below the middleweight poundage, will take on Mike Burke of Niles. Burke is the chap who clipped the ears of Russ Baxter so fans can rest assured that Les will have plenty of opposition.

Rollin Horne, brother of Sonny, will take on Jimmie Varkett of Ashtabula at 135 and Andy Arrington of Clairton, who made a good showing here a week ago will oppose Bobby Colechi of Ashtabula at 126.

### Pennsy Fishing Club Will Meet

The final meeting of the members of the Pennsylvania Fishing club, one of the oldest in the country, will be held tonight at 8 o'clock at The Castleton hotel in the Castle club rooms. It was announced today by Secretary Karl T. Rohrer.

This will be the final session before the camp is opened in July at Sans Souci Sound, Georgian Bay, Canada. The members are eagerly looking forward to the opening of the 1941 camping season. One group will go for two weeks and another for two weeks.

### Dodgers Hand Pirates Defeat

Score Is 9 To 4 In Game At Pittsburgh, Chicago Cubs Shutout Giants

**By PAT ROBINSON**  
International News Service Sports Writer

NEW YORK, June 24.—Jack Doyle realigned his odds on the major league pennant races today.

The veteran Broadway betting boss made the Brooklyn Dodgers and St. Louis Cardinals even-Stephen at 6 to 5 to win the National League crown and decreed the New York Yankees also a 6-5 favorite in the American circuit. He explained his action in the light of current happenings in the championship chases, wherein the clubs are lined up today on revamped battle lines for a continuation of hostilities.

Doyle said he favored the Cardinals to win the flag until they blew a pair of games to New York over the week-end. This, combined with the Dodgers' double victory over Cincinnati, whittled St. Louis' margin of league leadership to only one game.

**Dodgers Are Hot**  
The Dodgers trimmed it down to half a game, however, when they bested the Pittsburgh Pirates, 9 to 4 in one of the two contests served up yesterday. The Brooklynites battered Bob Klinger and Joe Sullivan, the Pirate pitchers, for 17 hits and won the game in the eighth when Catcher Herman Franks batted for fat Fred Fitzsimmons and clouted a three-run homer.

In the day's only other duel, Claude Passeau hurled three-hit ball for Chicago's Cubs and nudged the Giants, 1 to 0.

While the Cardinals are clinging desperately to their half game edge in the National, Cleveland will swing back into action this afternoon with a two-game margin over the Yankees.

### Softball Loop Starts Monday

Dean Park softball league officially started Monday morning.

## New Students Sign For Defense Study

New enrollees in Pennsylvania's defense training program set a record during April, when more than 11,000 new students entered courses throughout the state, according to information released today by Secretary of Labor and Industry Lewis C. Hines.

As the tempo of national defense production continued to increase, training course activities were also stepped up. The number of training centers rose from 77 a month before to 86, and as of May 1, there were approximately 19,000 students enrolled in nearly 900 classes. This compares with 16,000 enrollees in 700 classes just one month earlier.

## Appoint Patterson To 'Y' Camp Staff

Son Of Central Church Minister Will Direct Handicraft Work

James Patterson, son of Rev. and Mrs. Robert Meade Patterson, of 328 Park avenue, has been appointed to the summer counselor staff of Camp Fred L. Rantz of the New Castle Y.M.C.A.

Patterson's father is pastor of Central Presbyterian church.

For years a camper at Camp Pitch of the Youngstown "Y," young Patterson, active in local Hi-Y and church basketball leagues, has gained a host of friends and without doubt will be one of the most popular counselors.

He will be in charge of the handicraft work of the camp when it opens July 7.

# PERSONAL LOANS

How you can borrow \$100 without endorsers or guarantors if you can pay back \$6.97 a month—A quick, simple way to borrow

HAVE you a money problem which a personal loan will help you solve? Here is a simple way to borrow without endorsers or guarantors—and at rates substantially below the lawful maximum. If you have a job and can make monthly payments you are invited to come in and see us about getting a loan up to \$300.

Suppose that you need \$100. Find this amount in the first column of the table. Then read across picking out the monthly payments convenient for you to make. Twelve monthly installments of \$9.75 each, for instance, will repay a \$100 loan in full. Or, as little as \$6.97 a month for eighteen months, will also repay a \$100 loan.

All you do to apply for your loan is to acquaint us with your problem. Loans are made on furniture, car or note.

But we attach far more importance to character and regular income than to the value of security. It is unnecessary to ask outsiders to sign the loan papers with you. And at no time do we question friends or relatives about your credit.

## Get your loan for less

The payments in the table include all charges. These charges are calculated at Household's rate of 2 1/4% per month on that part of a balance not exceeding \$100, and 2% per month on that part of a balance in excess of \$100. The Small Loan Law permits us to charge a substantially higher rate than this. Some finance companies do charge a higher rate. We publish our payments and rate of charge so that you may compare costs before you borrow. Phone or visit us for full information without obligation.

## Motorist Leader Speaks To Rotary

Judge Hughes, Federation Head, Tells Problems Of Car Owner

"The motorist faces a big problem today and he should have some say in the solving of it," Judge Howard W. Hughes, of Washington, Pa., president of the Pennsylvania Motor Federation, told New Castle Rotarians, Monday.

The jurist was in the city in his capacity as federation president, and his topic was "The Work of the Motor Club." He remained only long enough to speak. Judge W. Walter Braham of the local common pleas court, a Rotarian, introduced him.

Speaking before the club's weekly luncheon, the judge discussed motorists' problems and interests arising out of current national defense activity. He said the state federation—of 64 clubs and 132,000 members—and the American Automobile Association—with a membership strength of 1,200,000—constitute able spokesmen for "the average motorist."

"They afford," the speaker said, "the only organized voice for the average motorist."

Raiding of the motor license fund, a practice long condemned by motor club groups, was scored anew by Judge Hughes, who described those monies as "a trust fund set up by the average Pennsylvania motorist."

The judge, member of a committee appointed by Governor Arthur H. James to study the movement of refugees from New Jersey into Pennsylvania in the event blitz warfare should ever envelop the eastern coast, said:

"They tell us there are enough automobiles in Pennsylvania to move everybody in the state out of the state within six hours—providing cars and passengers were properly organized."

With Col. Lynn G. Adams, chief of the Pennsylvania Motor Police, Judge Hughes is working out a plan whereby highway military movements through Pennsylvania can be expedited, if and when those military moves come.

The judge said the New Castle Motor club shortly will have a complete map of the Indiantown Gap military grounds ready for parents and relatives of New Castle boys and there. He said some trouble has heretofore been experienced in locating guardsmen and selectees in that huge camp.

The motor federation leader, president Judge of Washington County came here at the invitation of Bernard N. Hanlon, Rotarian and secretary-manager of the local motor club.

## State Must Plan For Industrial Future

Supremacy Of State In Mineral Industries Can No Longer Be Taken For Granted

(International News Service) STATE COLLEGE, June 24.—The supremacy of the commonwealth of Pennsylvania in the mineral industries can no longer be taken for granted, according to Dr. A. W. Gauger, professor of fuel technology at the Pennsylvania State college.

"Pennsylvania is at the economic crossroads," said Dr. Gauger, who is director of mineral industries research at the college, and must plan its industrial future. "Changed economic and social conditions, the exhaustion of our better and more easily recovered mineral resources, and changing consumer habits, have brought about a condition which must be met by new ingenuity if the commonwealth is to retain its industrial leadership."

Claiming that the mineral industries, which represent the largest labor-employing, tax-paying group in the state, have been on the decline for two decades, Dr. Gauger advocated additional research directed at new products and processes to keep the wheels of industry turning after the present emergency is over.

"We are now in a period of artificial business stimulation resulting from the defense program," he said. "It is a good time to consider what we are going to do after this program tapers off. The cost of one day's fighting spent on research would probably solve most of our industrial problems."

Inadequate returns to mines, quarries and mills adversely affect whole communities and cause population shifts and capital migration, he explained. An example is found in the decline of the anthracite market, resulting in unemployment, lowered real estate values, poorer local business and rising relief costs.

Why print military secrets? Well, why shouldn't our people know as much as Berlin and Tokyo?

## Gain In Death Rates Is Shown

By ARTHUR C. WIMER (Special Washington Correspondent, New Castle News)

WASHINGTON, D. C., June 24.—The gain in the 1940 death rate was slightly greater in Pennsylvania than in the country at large, according to figures released today by the Census Bureau.

The report gives the rate in number of deaths per 1,000 population. The Pennsylvania rate is recorded as increasing from 10.9 in 1939 to 11.4 in 1940. The national rate gained from 10.6 to 10.8. Only 13 states had greater 1940 rates than Pennsylvania.

Vermont topped the nation with a 1940 rate of 12.8. North Dakota had the lowest rate, 8.2.

## Housing Project For Ravenna, Ohio

Total Of 1,300 Dwelling Units In Plans Approved By President

(International News Service) WASHINGTON, June 24.—President Roosevelt has approved plans for construction of a total of 1,300 dwelling units to house families of workers at the Ravenna, O., ordnance plant in the Ravenna-Warren area.

The dwelling units will consist of

500 homes and 500 dormitory units along with purchase of 300 trailers for defense work.

At the same time the president approved 30 new localities in which liberalized FHA insurance provisions can be used for defense housing. This permits construction of homes by private industry with housing act funds for renting to defense workers.

The areas include Albany and Troy, N. Y., Rome, N. Y., Ilion, N. Y., Sidney, N. Y., Watertown, N. Y., Mansfield, O., Johnstown, Pa., and Ellwood City, Pa.

The only problem in staging a Louis fight now is to find a town where enough colored people can afford to pay to see a white man licked.
